

## Raising fish since 1924

Nestled at the base of Cold Water Canyon in North Ogden, you will find one of Utah's best kept secrets.

We offer 8 ponds for fishing and have fish from 9 inch "pan size" to 24 inch "lunkers" and even bigger.

We have been raising fish since 1924. We have our own hatchery and currently raise about 100,000 Brook, Brown, Steelhead, Rainbow, and Tiger Trout each year.

Our fish are raised in 50 degree pure mountain spring water and are fed the finest diet on the market. This helps provide a very mild flavored trout dinner which is hard to beat.

## Fun for all ages

Here at Cold Springs Trout Farm, it is common to have groups of preschoolers as well as care centers show up to fish and especially all ages in between.

Here you will find well groomed ponds which are fully handicap accessible. Our restrooms are located close by and you will be able to drink from our fountains of continuously running cold mountain spring water.

## We Can Accommodate Large Groups

Our covered bowery is capable of seating groups of up to 175 people. There is a large sand volleyball court, horseshoe pit, tetherball and drinking fountain nearby, as well as refrigerator and two very large charcoal grills. This area is separate from the fishing area and is fenced in for your privacy and protection. This area is reserved in 4 hour increments. (8am — Noon, Noon — 4pm, 4pm — dusk) Groups will be allowed to reserve more than one time slot if needed.

**Bowery "Trout Hang-Out"  
\$50.00 per 4 hour time slot**

## Small groups are welcome

We have another area we call the "upper picnic area". There are picnic tables scattered near a grove of oak trees where most of our smaller groups/birthday parties go. We do not charge to use this area, but ask that those who use our picnic area clean up after themselves.

Our ponds are suited for anglers of all ages. The poles we use are free of charge and simple to use. After catching your fish, we will clean them for free and fillet them for 35¢. Here is a list of some of the most commonly caught fish.

### PRICE - FISH

8 - 10 inch .....	\$ 3.50
10 - 12 inch .....	\$ 5.50
12 - 14 inch .....	\$ 7.00
14 - 16 inch .....	\$ 9.50
16 - 18 inch .....	\$ 13.00

NO FISHING LICENSE REQUIRED  
PRICES SUBJECT TO CHANGE

## Fly Fishing

We have added a fly fishing pond, and stocked it with very large Rainbow, Brown, Brook, and Tiger Trout. This is a pay by the hour pond, and all fish must be released immediately back to the water. Memberships are available, as well as punch passes. This is a great place to learn a new sport, or to brush up on your skills before heading to the streams and rivers.

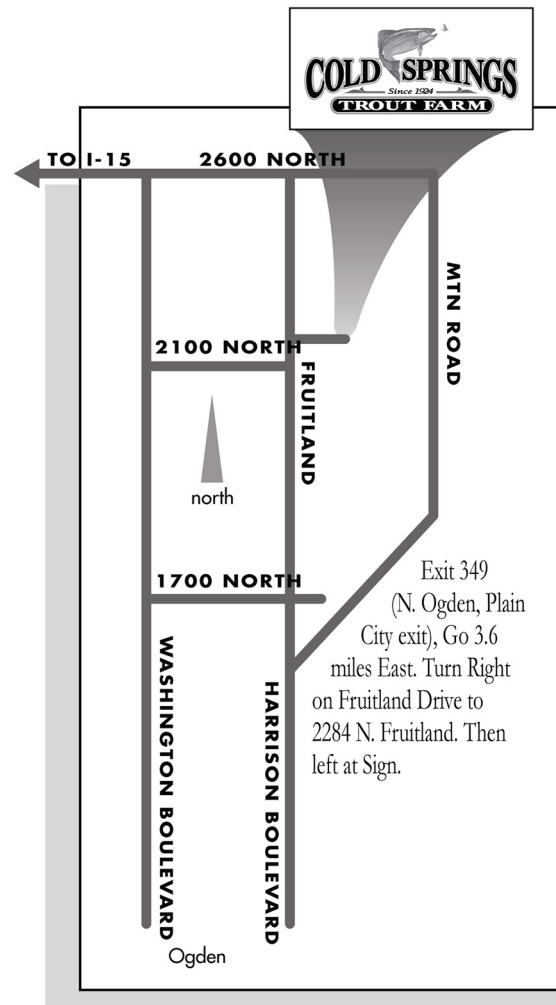

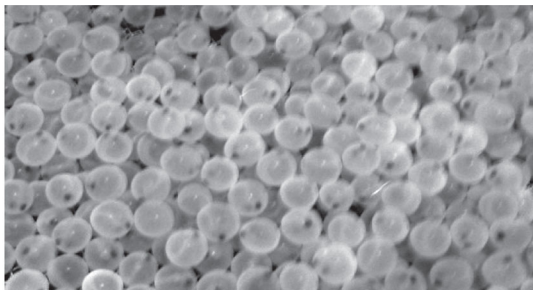

## Kiddie Corn Maze

Back by popular demand! Our corn maze opens the last week in September, and runs through the month of October. The maze is a simple 3/4 acre maze suited for children 4-6 years of age. The maze is cut into a field of Indian corn, and as the kids complete the maze, they will be able to take home a bundle of Indian corn, or pick out a pumpkin or gourd from our pumpkin patch, which is all included in the price of the maze. This has been a hit with preschools, and kindergarten groups.

## Pond Stocking

In 2008, Utah legislation made it easier to stock trout in private ponds. We stock many varieties including Rainbow, Brook, Brown, and Tiger Trout. We also sell Koi for backyard ponds.

### SUMMER HOURS

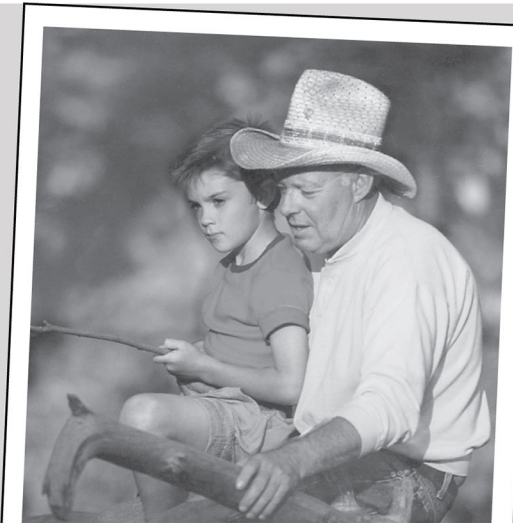

Monday-Saturday 9:00 a.m. to Dusk  
*Open all summer holidays  
April 1st to October 31st*

### WINTER HOURS

Saturdays 11:00 a.m. to Dusk  
*Closed Thanksgiving and Christmas*
